

Functional project	name	A 5			remarks
		Portable energy storage power supply	B	A B	
surface	product photograph				
Conventional parameters	internal battery	High energy density lithium battery			
	battery capacity	520Wh / 140400mAh /3.7V			
	Charging specifications	DC 15V /6.0A			
	Solar energy charging specifications	DC 5521 13V ~22V /6.0A			
	Charging time	DC: about 8 hours			
	DC output	1 X USB 5V ~9V / 2A QV QUICK Charge 3.0 output 1 X type-c 5V ~9V / 2A Qualcomm QUICK Charge 3.0 output 2X USB 5V /2A 5X DC 12V /10A			
	AC AC output	The 2 xAC sine wave output			
	AC continuous output power	500W			
	yes	-10°C -40°C			
	cycle life	And> 1,000 times			
product protection	a .short-circuit protection b .overcurrent protection c .overvoltage crowbar d .undervoltage protection e .overload protection f . Overtemperature protection				
packing list	1 x portable emergency energy storage power supply 1 x recharger The 1 xAC line 1 x use manual 1x car charge				
Adapter parameters	output	15V 6A			
	DC joggle	5521			
	form	Desktop type			
Enter the charging	Support for power adapter charging	support			
	Support for solar panel charging	support			

function	Support for on-board charging	support			
	Battery model number and specification	18650			
	Single cell capacity	2600MAH			
	Battery string and	3 String 18 and			

The cell	Cell voltage	3.7V			
	battery voltage	11V.1			
	Battery charge and discharge life	And> 1,000 times			
product	product size CM	306*200*176MM			
	Net weight of products	About 6.3KG			
	material quality	ABS plastic, plastic shell fire-proof rating 94-V 0;			
	Product color collocation	Can be freely matched by the customer (with quantity requirement)			
product packaging	Product packaging method	Tote box			
	Cartridge size	39. 2*26. 8*24. 5cm			
	Single hand-held case weight	. 38KG			
	carton size	59*42. 5*30. 5cm			
	Number of outer boxes	2PCS /CTN			
	tare	17. 5kg			
Use scene mode	Suitable for power outage, outdoor operation, night market electricity, emergency relief necessary, medical treatment, home energy storage and other power supply
